Many years ago in Haarlem, Holland, there lived a young boy. His name was Hans Brinker and he was eight years old. One autumn day, Hans went across the canal to visit an old blind man. He took the man some biscuits and stayed there for a while. Then, Hans decided to return home.

“Be careful, Hans”, said the old man. “The water in the canal usually gets higher in autumn.” On his way home, Hans sang a song, watched the rabbits run around and picked some flowers for his mother. Suddenly, the sky got dark and heavy rain began to fall. Hans felt scared and started to run. Just then, he heard the sound of water flowing away. He looked around carefully, then noticed a very small hole in the dike*.

Hans felt frightened because he knew what could happen. The small hole could get bigger and bigger. Then, the dike could burst and flood Holland! Hans knew what to do. He put his finger in the hole, so no more

water could come through it. "Please, someone help me!" Hans shouted. But there was no one there to help him. After a while, he began to feel very cold and tired, but he could not leave the dike. All night long, Hans waited and waited...

The next morning, a priest walked by and heard Hans' cries. "I'm trying to stop the water," the boy said. "Can you help me?" The priest called some other people and they quickly mended the hole. Finally, they took Hans home. Everyone was very proud of that brave little boy!
